

Pool Operator Training

2024
Certified Pool & Spa OperatorSM Courses

2024 course offerings will be in-person (i.e. classroom) ONLY.

Pool Operator Training offers the Pool & Hot Tub AllianceSM Certified Pool & Spa OperatorSM Course

Pool Operator Training
www.pooloptraining.com
716.830.8865 ~ info@pooloptraining.com

Providing training in the safe, sanitary, and cost effective operation of swimming pools to pool owners, operators and managers.

PLEASE NOTE:

Restrictions beyond our control may force a change of an "In-person Class" to a virtual one.

Students should be prepared for classes in either format and will be contacted if this occurs.

Additional instructions will be sent to students.

Please read and understand all information here and at our website, www.pooloptraining.com.

Welcome

Thank you for choosing Pool Operator Training for the Pool & Hot Tub Alliance'sSM Certified Pool/Spa OperatorSM (CPO[®]) course. This course provides training to individuals responsible for providing a safe, sanitary and healthful environment for both swimmers and employees alike.

Who should take this course?

Anyone who has responsibility for, or is associated with, operating a pool. Aquatics Directors, Lifeguards, Directors of Facilities, Plant Engineers, housekeeping staff—even those in upper management would benefit.

Here's what we do...

We educate and train individuals to meet the requirements to be successful in the CPO[®] course. The two-day, knowledge based course covers topics including, but not limited to:

- ◆ Regulations & Guidelines
- ◆ Chemical Testing
- ◆ Chemical Feed & Control
- ◆ Water Circulation
- ◆ Pool & Spa Filtration
- ◆ Spa & Therapy Pool Operation
- ◆ Facility Safety
- ◆ Troubleshooting

Course Benefits

The CPOSM course is recognized world-wide with benefits that include:

- ◆ Being a proven educational tool
- ◆ Wide acceptance by local and state authorities.
- ◆ Topics critical to operators including a section on local & state codes.
- ◆ A comprehensive handbook that is frequently updated and revised.
- ◆ Instructors who are certified and authorized by fellow instructors/PHTA Education Committee members.
- ◆ Providing a more thorough understanding of the operator's role in pool care, risk reduction and management.
- ◆ National and International recognition

Certification

Certification is valid for five years and must be renewed prior to expiring to remain "current".

CEU's may be available. Contact us if interested.

See www.pooloptraining.com for more detailed information about class types, registration, and policies.

Course availability, type, dates and times may change without notice—check website for current information.

Contact us with any questions.
